

Quote for North Bay Elementary Internet access data circuit

Please direct all technical questions to Joe Frischman [jfrischman@nbend.k12.or.us](mailto:jfrischman@nbend.k12.or.us)

North Bend School District is requesting quotes for a 10M Internet access data circuit from North Bay Elementary to the Technology Center Building at North Bend High School. This service would start on July 1, 2012 and run for 1 year. This request for proposal is part of the District's erate process and the successful responder must have an erate spin number. The District operates on a July 1 through June 30 budget year and the contract for this service will coincide with these dates.

Please provide a brief description of the service and technology used to provide the circuit.

Please provide the monthly cost of the circuit, the installation charges and the estimated monthly regulatory fees. Below you will find the building addresses.

North Bay Elementary  
93670 Viking Lane  
North Bend, OR 97459

North Bend High School  
Technology Center  
2525 Pacific Ave.  
North Bend, OR 97459
